Indoor mirror "Leonardo" 60x40 cm

Code: 909035049

Indoor mirror "Leonardo" 80x60 cm

Product Description

Interior mirrors are produced with high resistance to the hurts, against dust and usage materials.

The mirrors are composed by a front side: the mirror with convex shape (to be able to extend the control field of view) and made in aluminized acrylic material: the edges of the mirrors is made with rubber black color gasket. In the back side the mirrors have a plastic attach that permits the regulation of the joint. In the end part the joint is predisposed for the application of a circular plate that permits the installation on wall and/or in any other flat surface through screws.

Working Description

The interior mirrors are particularly suitable for indoor supervision in shops, markets, porter's lodges and in all the application with difficult control and view.
